Oplossing plantenquiz

WFD Vrijwilligersdag 24-02-2018

Foto's Joop Verburg en Willem Braam

Addertong – *Ophioglossum vulgatum*

2

2

11 07 2018
Witte shavelbies – *Rhynchospora alba*

3

3

Glanzige ooievaarsbek – *Geranium lucidum*

4

4

Klimop – *Hedera helix*

26 09 2018

5

Kamferalant – *Dittrichia graveolens*

6

Veldereprijs – *Veronica arvensis*

7

7

Peen – *Daucus carota*

Gele ganzenbloem – Glebionis (Chrysanthemum) segetum

9

9

Daslook – *Allium ursinum*

10

10

31 08 2018

Blauwe knoop – *Succisa pratensis*

11

Rode ogentroost – *Odontites vernus* ssp. *serotinus*

12

12

Waterviolier – *Hottonia palustris*

13

13

Korenbloem – *Centaurea cyanus*

14

14

Geelrode naaldaar – *Setaria pumila*

15

15

26 05 2018
Veenpluis – *Eriophorum angustifolium*

16

16

Moeraskartelblad – *Pedicularis palustris*

17

17

Beemdooievaarsbek – *Geranium pratense* 26 05 2018

18

A close-up photograph of the branches of a Black Cherry tree (Prunus serotina). The image shows several clusters of small, white, five-petaled flowers with prominent yellow stamens, arranged in dense, elongated racemes. The leaves are dark green, ovate, and have serrated margins. Some leaves show signs of being eaten, with small holes visible. The background is a soft-focus green, suggesting a natural outdoor setting.

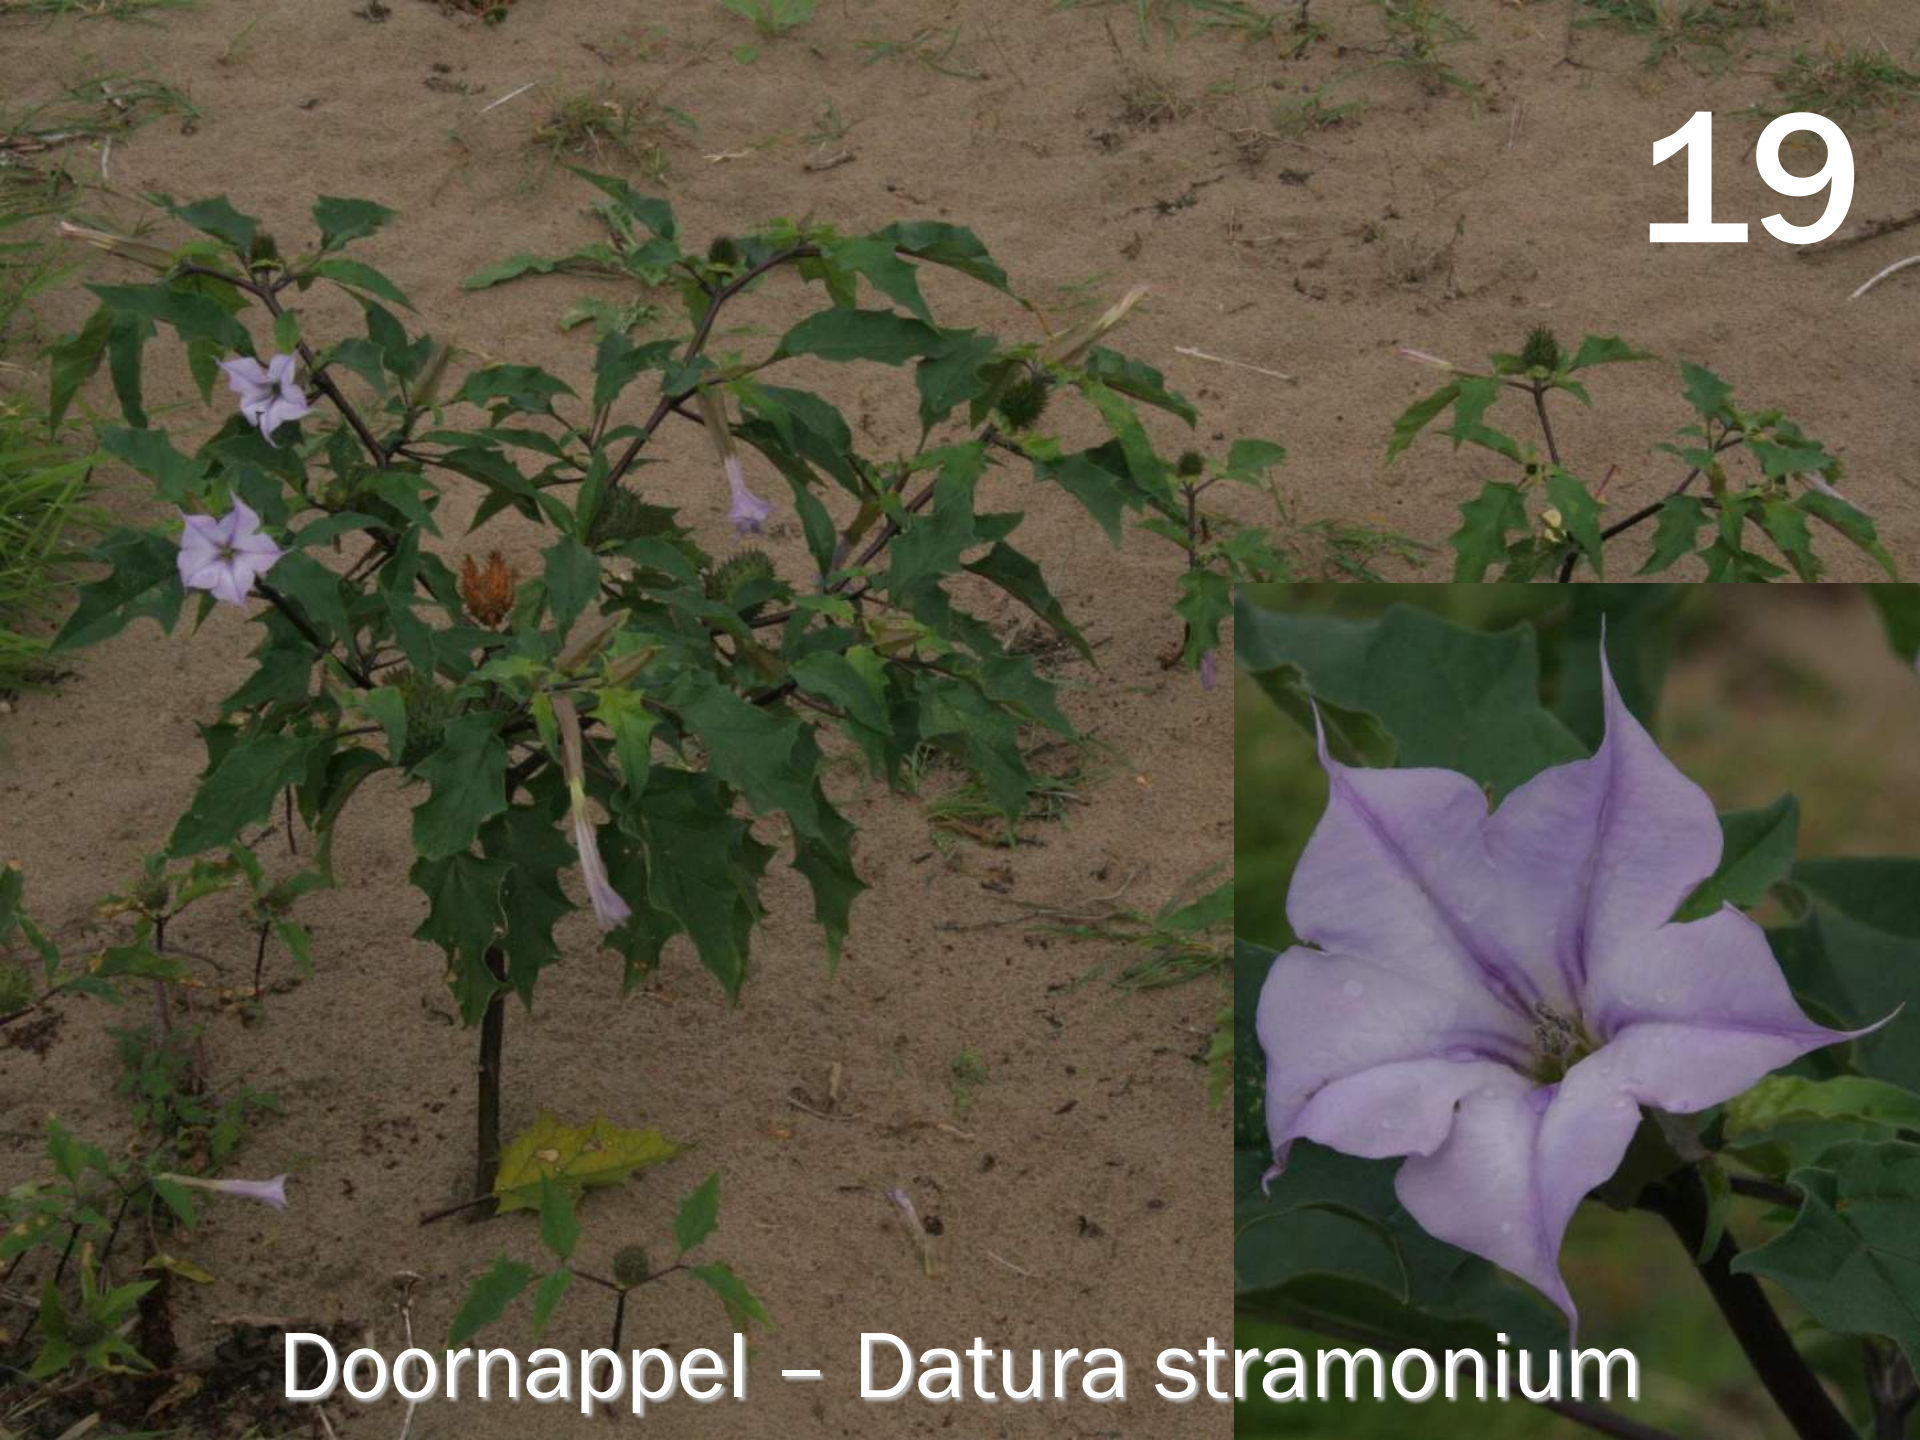

18

Amerikaanse vogelkers – *Prunus serotina*

19

19

Doornappel – *Datura stramonium*

20

20

Kruipende boterbloem – *Ranunculus repens*

21

21

Kroontjeskruid – *Euphorbia helioscopia*

22

22

Doorgroeid fonteinkruid – *Potamogeton perfoliatus*

23

23

Schedegeelster – *Gagea spathacea*

24

24

Kraaihei – *Empetrum nigrum*

12 06 2018

25

Heggenwikke – *Vicia sepium*

26

26

Kransmunt – *Mentha x verticillata*

15 08 2018

27

27

Gespleten hennepnetel – *Galeopsis bifida*

28

Moeraswederik - *Lysimachia thyrsiflora*

Puntentelling.....

BARRAGE!!!!!!!!!!!!

A

Waterscheerling – *Cicuta virosa*

B

Noorse esdoorn – *Acer platanoides*

C

C

Polzegge – *Carex cespitosa*
